SunCorp Donates Three Murals to Three Hospitals

Denver, CO – Employees at all three SunCorp Regional Offices – Salt Lake City, Omaha, and Denver – painted murals that were donated to hospitals in these three regions. The murals were painted by SunCorp employees during lunch hours, breaks, and before and after work hours to get the murals ready to be displayed at the hospitals.

“This project was a great team building opportunity for SunCorp and we were able to give back to area hospitals,” said Mark Schieffer, SunCorp Senior Vice President/Chief Investment

SunCorp Vice President of Operations in Omaha, Bernie Lubbers (left) and SunCorp MSR Diana John (center) present the mural painted by SunCorp’s Omaha Regional Office to Alyssa Defrain from the Children’s Hospital Foundation in Nebraska.

Officer. “By completing this project at all three SunCorp locations, we were able to provide great community hospitals with art to brighten up their walls.”

SunCorp’s Omaha Regional Office donated their *Underwater* mural featuring fish to the Children’s Hospital Foundation

in Omaha, Nebraska. The mural was hung in the Hospital’s Radiology

Department where it will be seen by an

estimated 30,000 patients who will visit the department in 2006.

“SunCorp’s thoughtful gift will help brighten a public area in our hospital which will be seen by the thousands of children we serve throughout the region,” said Alyssa Defrain, Development Officer for the Children’s Hospital Foundation. “We appreciate SunCorp for thinking of Children’s Hospital.”

The Denver Regional Office participated in painting a mural featuring *Giraffes*. They donated their mural to the After Hours Pediatrics unit of Exempla Lutheran Medical Center in Wheat Ridge, Colorado, which recently celebrated their 100th anniversary. SunCorp staff presented the mural to Exempla Lutheran and also distributed teddy bears to children in the pediatrics unit.

"It was so rewarding to have the opportunity to both work on the mural itself and participate in the presentation to Exempla Lutheran Medical Center," said Joanie Edquist, SunCorp Administrative Services Representative. "The staff at Lutheran was very appreciative of the donation. Seeing the children's faces light up when we presented them with the teddy bears was great."

A *Butterfly* mural was created by the Salt Lake City Regional Office and was donated to Primary Children's Medical Center in Salt Lake City, Utah. "On behalf of the staff, the families, and especially the children we serve, we thank SunCorp from the bottom of our hearts for their acts of kindness," said Sharon Goodrich, Director of Annual and Corporate Giving at Primary Children's Medical Center. "The SunCorp employees truly make a difference in the lives of others."

SunCorp is one of the top ten corporate credit unions in the nation, providing financial services to credit unions and Credit Union Service Organizations in 20 states. SunCorp operates three Regional Offices, in Denver, Salt Lake City and Omaha. For more information, please visit www.suncorp.coop.
